SAURABHMNAI TRIPATHI

|

PROFESSIONAL SUMMARY

Highly accomplished and results-oriented Senior Team Leader with 12 years of extensive experience in leading complex IT operations and infrastructure projects at Noventiq. Proven expertise in cloud architecture and management (Azure, AWS), Windows network administration, and strategic financial oversight (Capex/Opex), consistently driving operational efficiencies and cost reductions of up to 20%. Skilled in managing high-performing teams of 7-9 engineers, ensuring 95%+ project success rates, and enhancing system reliability to achieve 99.9% uptime for critical business systems.

PROFESSIONAL EXPERIENCE

Senior Team Leader

Noventiq | *2011-11 - Present*

- Spearheaded a high-performing IT operations team of 7-9 engineers, driving the successful delivery of 25+ complex projects annually while achieving a 95% project completion rate on schedule.
- Architected and managed robust cloud infrastructures on Azure and AWS platforms, optimizing resource utilization by 30% and enhancing system uptime to 99.9% for critical business applications.
- Oversaw the design, implementation, and maintenance of enterprise-level Windows network environments, improving network stability and security posture across 1000+ endpoints.
- Administered significant Capex and Opex budgets totaling over $500K annually, identifying cost-saving opportunities that resulted in 15-20% expenditure reductions without compromising service quality.
- Directed the deployment and operation of advanced CCTV surveillance systems across multiple facilities, bolstering security measures and reducing incident response times by 25%.
